E-Filing System for CONCOR EXIM Locations

CONCOR had implemented long back E-Filing System for Customers at ICD/Tughlakabad and is functional. Over the period, feed back received from customers have been incorporated and accordingly various options have been provided for ease of use.

Through this software, any importer/exporter/shipping agent can file his documents including billing and take necessary print out's. Various Queries and Reports are also part of this web based software to keep track of containers at every stage and also to find out due amount to be paid to CONCOR.

Now, CONCOR is developing E-Filing system for all other EXIM locations. In this connection all customers are requested to provide their valuable suggestions on import / export procedures related to any EXIM location which can be incorporated in E-Filing system for EXIM locations.

You may provide your suggestions either to Mr.B.S.Phaniraj, Sr.GM (MIS) (Email-id: bsphaniraj@concorindia.com) or to the undersigned (Email-id: anurag@concorindia.com).

Anurag Mathur
Executive Director (MIS)
